## A VERY BAD WRECK.

Two Heavy Freight Trains Come  
Crashing Together

NEAR THE WHEELING CREEK MINES.

The Engines and Tenders Derailed and Several Cars Telescoped—The Neglect of a Flagman Blamed—Nobody is Injured, but the Track is Blocked—The Record of Casualties Yesterday.

Two freight trains on the Cleveland, Lorain & Wheeling railway collided at a point just north of the Wheeling Creek coal mines yesterday, and a frightful wreck was avoided by almost a miracle.

Train second, No. 81, southbound, left Barton about 3 o'clock on a time order to Wheeling creek against northbound coal train No. second 84. When about half way between the two stations Engineer Hydio saw that he could not make his order and stopped, sending a flagman ahead to hold the north bound train. The point at which his engine stopped was on a very short curve, and the subsequent developments indicated that while Hydio and his conductor were resting comfortably, in the confidence reposed in their flagman, that person was evidently not doing his utmost for their safety.

Train No. 84 went to Wheeling Creek and at the expiration of the time given train No. 81 to reach that point they pulled out to Barton, excepting that No. 81 could not make the time and was waiting at Barton. The train consisted of about fifteen cars of coal, and was a hard one to start. Engineer Preston pulled out as quickly as possible, and when he reached the curve north of the mines was running about 20 miles an hour. Without an instant's warning his engine crashed into the engine of the train which was standing there.

The engines came together with a deafening crash which derailed them. This was followed by the telescoping of several freight cars and the engine tenders. The engine men remained at their posts and very fortunately all escaped without injury.

The accident, all told, is considered by railroad men as a most remarkable one, and had it occurred a short distance farther north, after the north bound had gained a higher velocity, the result would have been frightful.

The track was badly blocked, and the Massillon and St. Clairsville accommodations could not get through.

A Baby Hurt.

Yesterday morning a small boy was wheeling a baby in a buggy near the postoffice, when the carriage overturned and the baby was thrown out. Its head struck the curb, cutting a bad gash. It is wonderful, considering the hard fall the child received, that it was not killed.

Died in the Field.

John Montier, of Brilliant, Ohio, started out last Saturday evening to get the cows. He did not return, and was found by a searching party in the field. Heart disease is supposed to be the cause.

Hurt on a Hand Car.

Two boys were riding on a hand car out at Dillondale last Sunday, when the car jumped the track and one of the boys, a son of A. J. McConaughy, was badly hurt.

BROWN-HAMILTON.

A Pretty, Unpretentious Wedding at the Disciples Church.

Yesterday morning, at the Disciples church, at 7 o'clock, Mr. Will Brown, of Moundsville, and Miss Decie L. Hamilton, of this city, were united in wedlock. Rev. W. H. Hayden officiating. The ushers were Messrs. Rom. Trexel, George Hopkins, Frank Bassett and Charles Hamilton. The bride was attired in a neat fitting blue traveling suit, with hat and gloves to match. Immediately after the ceremony Mr. and Mrs. Brown took the train for Windsor Station. The bride was for many years a teacher in the Eighth ward school, and was principal two years. She is very popular with all who know her, and congratulations and well wishes were showered on the happy couple.

"KID" MCCOY ARRIVES

And is Ready for His Fight With Welch Tomorrow.

"Kid" McCoy came down from Pittsburgh yesterday, and says he is in good trim for his fight with Jack Welch Thursday night. The party will leave the city at 11 p. m. The fight will not be over seven miles from Wheeling, and persons desiring to witness it can secure tickets at the Milwaukee saloon and at a number of other places about town. The contest is to be a gantlet glove affair for scientific points, and the men are well matched. A large number of sporty boys are expected down from Pittsburgh to witness it, and they will all have money to back their favorite.

A reporter asked McCoy what he had to say about Gillespie's proposal to fight the winner. He said he would meet him for \$1,000 a side at 130 pounds, and give Gillespie three pounds at that, but he was not hunting fights with heavy weights.

Squeaked on the Race.

Last evening the Martin's Ferry sporting house team telephoned E. C. McClelland that some of those to run a twelve-mile race against him were members of the Y. M. C. A. and would not run for money. This, too, after they proposed the race for money. Mac said last night he would run for a diamond ring valued at \$250, or its value in cash. The race must come off two weeks from Saturday, on the State Fair course, and all twelve of his opponents must be actual residents of Martin's Ferry; in other words, "fingers don't go."

When catarrh attacks a person of scrofulous diathesis, the disease is almost sure to become chronic. The only efficacious cure, therefore, is Ayer's Sarsaparilla, which expels scrofula from the system and the catarrh soon follows suit. Local treatment is only a waste of time.

THE MCKINLEY MEETING.

Bellaire will see the Greatest Gathering in Local History.

One week from to-morrow night is the time set for Gov. William McKinley to address the citizens of this vicinity at Bellaire, and if the indications count for anything it will undoubtedly be the largest political gathering ever held around here.

Citizens from Martin's Ferry, Bridgeport, Etnaville and Wheeling will turn out en masse to hear the champion of protection.

The crowd going down from this city will be a dandy, and a movement is on foot to have the Young Men's Republican Escort Club go down in full uniform to act as escort to the governor. A special and low excursion rate will be arranged on the Baltimore & Ohio and Cleveland, Lorain & Wheeling railroads, and everything fixed for a great big time. Let everybody go to Bellaire next Thursday evening and see the next President of the United States.

Archbishop Kain Here.

Archbishop John J. Kain, of St. Louis, arrived here night before last. He was on his way to Washington City, and stopped off in Wheeling on business. He is looking unusually well and cheerful and likes his new field, but was glad to greet his old Wheeling friends once more.

Don't Be Left.

One who hasn't seen the World's Fair won't be "in it" after the show is over. The INTELLIGENCER makes the way easy.

They Give Their Reasons.

Perhaps some of our readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly.

A widow has nearly broken up a church at Binghamton, N. Y., because she rides a bicycle.

A signal service to weak woman-kind is the finding of lost health—the building-up of a "run-down" system. Nothing does it so surely as Dr. Pierce's Favorite Prescription. It cures all the derangements, irregularities and weaknesses peculiar to the sex. It's the most perfect of strength-givers, imparting tone and vigor to the whole system. For overworked, debilitated teachers, milliners, seamstresses, "shop-girls," nursing mothers, and feeble women generally, it is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

"Favorite Prescription" gives satisfaction in every case, or money paid for it is promptly refunded. That's the way it's sold: that's the way its makers prove their faith in it. Contains no alcohol to inebriate; no syrup or sugar to derange digestion; a legitimate medicine, not a beverage. Purely vegetable and perfectly harmless in any condition of the system.
